Time Off Entry in Skyward

All time off requests must start in Skyward. It's very important for Time Tracking employees to enter their time off in Skyward and get it approved *before* submitting their timesheet for that week. If time off is entered *after* the timesheet for that week has already been submitted, the time off won't be paid.

Here's how to request time off:

1. First, log in to AH Connect.
2. Once logged in, click the Skyward icon.
3. After Skyward opens, you'll see a screen with different tiles. Click on the "Request Time Off" tile.

After clicking on the Request Time Off Tile, you are brought to the Time Off Transactions screen. This will show the history of time you have been allocated and the time you have requested off. To request a new Time Off Transaction, select the Add Time Transaction button in the top right corner.

The screenshot shows the 'Time Off Transactions' screen. At the top, there's a header 'TIME OFF TRANSACTIONS' and a search bar. Below the header is a table with the following columns: Transaction Date, Time Off Type Description, Time Off Reason Description, Transaction Type, Hours, Description, and Status. The table contains 9 rows of data, all for 'Sick Leave' transactions. The first row is highlighted in blue. The 'Status' column for all rows shows 'Approved'.

Transaction Date	Time Off Type Description	Time Off Reason Description	Transaction Type	Hours	Description	Status
	Sick Leave	Sick- Personal Illness	Used	-8:00	Sick- Personal Illness	Approved
	Sick Leave	Sick- Family Ill/Death	Used	-8:00	Sick- Family Ill/Death	Approved
	Sick Leave	Sick- Family Ill/Death	Used	-8:00	Sick- Family Ill/Death	Approved
	Sick Leave	Sick- Personal Illness	Used	-8:00	Sick- Personal Illness	Approved
	Sick Leave	Sick- Family Ill/Death	Used	-8:00	Sick- Family Ill/Death	Approved
	Sick Leave	Sick- Personal Illness	Used	-8:00	Sick- Personal Illness	Approved
	Sick Leave	Sick- Personal Illness	Used	-8:00	Sick- Personal Illness	Approved
	Sick Leave	Sick- Personal Illness	Used	-4:30	Sick- Personal Illness	Approved
	Sick Leave	Personal Leave	Used	-8:00	Personal Leave	Approved

From the Add Time Off Transaction screen, you need to fill out the following information:

Start Date: Date of absence

Assignment: In the assignment field, you need to select the assignment for which you will be absent. The drop-down will list all of your current assignments you have with the District. Ensure you select the one from which you will be absent.

Supervisors: Based on the selected assignment, the respective Time Off Approver will show in the Supervisor screen. If no supervisor is generated after selecting your assignment email Payroll.Help@ahschools.us.

Employee Time Off Type: Select either OtherHrs, Sick, UnpdHrs or Vacation. See below for the Time Off reasons that fall under each Time Off Type.

OtherHrs

C21 – District Meeting
C22 – In District Training
C23 – Out of District Training

Time Off Reason: Select the correct one for your absence

Hours/Days: Enter the number of hours/Days you are requesting to use

Start Time/End Time: To provide your supervisor with more information regarding your absence, you can enter your start time here in situations where it is not a full-day absence.

Request Substitute: If this absence will result in a substitute being needed, leave this box checked. This will then redirect you to Red Rover to enter the necessary information for requesting a Sub.

Click Save at the top of the screen

Note: If you receive an orange error message stating you are requesting more time off than you are scheduled, click Save again to submit your request. This is just a warning.

Additionally, you may receive a warning message regarding insufficient hours. The District wants you to enter absences for the true reason you missed work even if you are out of sick time so in these situations you should select save again and it will then enter your absence in.

If Request Substitute was left selected, this will then redirect you to Red Rover. You should enter the same information that was entered into Skyward now into Red Rover to request a substitute. If you do not require a sub for your absence, then you can just exit Red Rover.

Once your absence is entered in Skyward, you can see the Status of the Time off Transaction on the Time Off Transaction Screen.

To see who needs to approve your Time Off request next, click the arrow on the left side of the transaction. The name listed as "assigned to" is the person it's currently waiting for. Please note that Cory McIntyre might appear as someone the transaction is "available to" on all requests, but your time off will likely only need approval from a few supervisors before it's fully approved. You'll receive an email and a Skyward message once your Time Off has been approved.

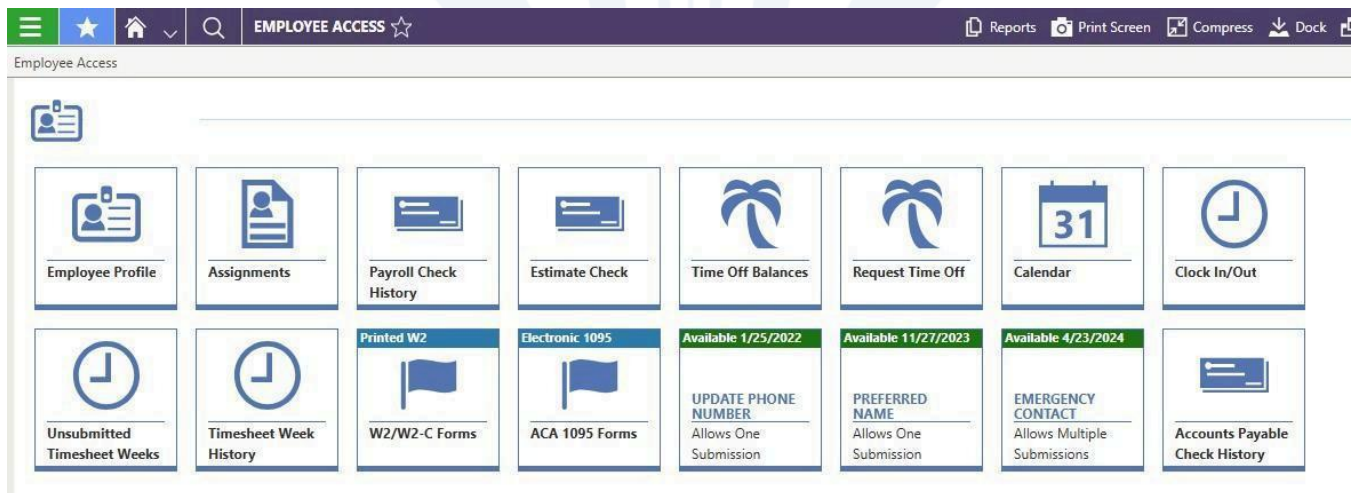

Time Off Entry in Skyward for Teacher

All time off requests must start in Skyward. If a sub is required, there is a functionality to redirect you to Red Rove to add the absence. Transactions should no longer originate in Red Rover.

Here's how to request time off:

1. First, log in to AH Connect.
2. Once logged in, click the Skyward icon.
3. After Skyward opens, you'll see a screen with different tiles. Click on the "Request Time Off" tile.

After clicking on the Request Time Off Tile, you are brought to the Time Off Transactions screen. This will show the history of time you have been allocated and the time you have requested off. To request a new Time Off Transaction, select the Add Time Transaction button in the top right corner.

Clocking In and Out in Skyward

Here's how to Clock In/Out:

1. First, log in to AH Connect.
2. Once logged in, click the Skyward icon.
3. After Skyward opens, you'll see a screen with different tiles. Click on the "Clock In/Out" tile.

After clicking on the Clock In/Out Tile, you are brought to the Clock In/Out screen. You will have an In and Out button at the top of the screen. When clocking in for the day, select the In button. You will then notice that your status changes to In and the lets you know the duration of time you have been clocked in for the date as well as the time for the week on the right side.

You are required to clock in and out for your lunch break. Select lunch at the beginning of your lunch break and then when you return from lunch select the In button again.

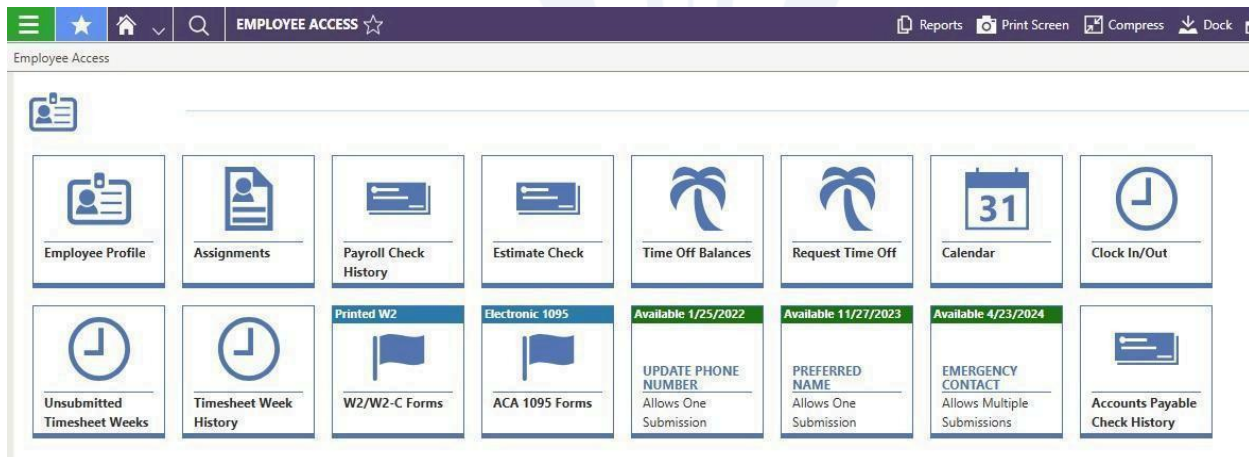

At the end of the workday, select out to clock out for the end of the day.

A screenshot of the Skyward Clock In/Out screen. At the top, there are three buttons: "IN", "LUNCH", and "OUT". Below these buttons, the screen is divided into two main sections: "CURRENT" and "TOTALS". The "CURRENT" section shows "Status In", "Start Time 11:23 AM", and "Duration 0m". The "TOTALS" section shows "Mon 05/19/2025 0m", "Scheduled Hours", "Break", "Lunch", and "Weekly 0m". Below these sections, there is a "TIME TRANSACTIONS" section with a date selector set to "05/19/2025 Monday". At the bottom, there is a table with the following columns: "Start Time", "End Time", "Duration", "Status", "Pay Type", "Position Type", and "Comment". The table contains one row with the following data: "11:23 AM", "0:00", "I - In", "Time Tracking", and a redacted position type.

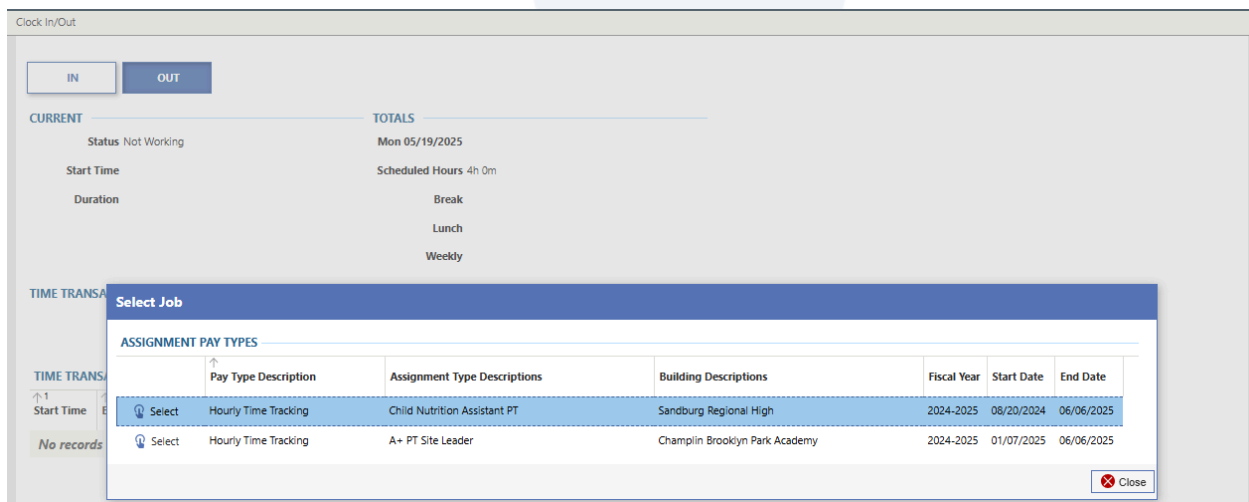

Clocking In and Out with Multiple Jobs in Skyward

Here's how to Clock In/Out:

4. First, log in to AH Connect.
5. Once logged in, click the Skyward icon.
6. After Skyward opens, you'll see a screen with different tiles. Click on the "Clock In/Out" tile.

After clicking on the Clock In/Out Tile, you are brought to the Clock In/Out screen. You will have an In and Out button at the top of the screen. When clocking in for the day, select the In button. When you have multiple active Time Tracking jobs with the District, a screen will then pop up having you select the job you want to clock in for.

You will then notice that at the top of the screen, you have the status of In, and then below, in the time transaction detail fields, it will list the position type you are clocked into. If you need to change the assignment you are clocked into, you can then select the Switch Jobs button near the In button. Notice this will only be available when you are already clocked into another job.

Editing Time Tracking in Skyward

If you need to edit your time tracking info for a date you will need to first select on the Clock In/Out Tile, you are brought to the Clock In/Out screen.

Ensure you are on the date you want to edit by selecting the date in the center of the screen for the specific date. Then, on the right-hand side, select the Edit button.

From there, the Time Transaction screen will display. From here, you can change your start time, end time, status, assignment, as well as add a comment. The District's best practice is that if an edit is required for Time Tracking that you make your supervisor aware and put a comment in for the edit. If you need to add a time transaction to the date, you will want to select the green plus sign that says Add Time Transaction, and that will add another line to the Time Transaction Screen.

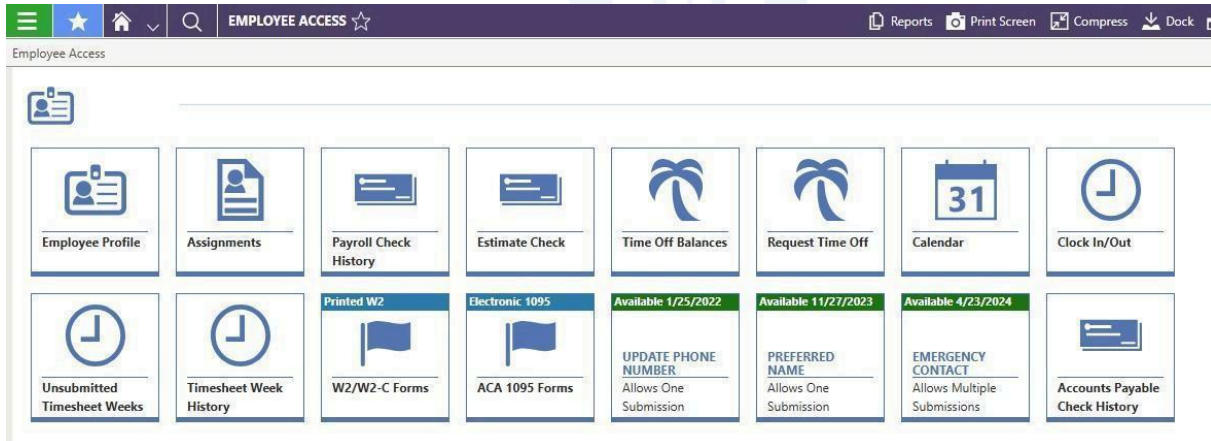

After everything has been edited, you will want to select save. All changes should now be reflected on the Clock In/Out screen. You will want to ensure your supervisor is aware of why manual editing of your time was needed.

Submitting Timesheet Week in Skyward

After clocking out for the final time for the work week (Sunday - Saturday) you will be required to submit your timesheet week for approval.

Here's how to Submit your time for approval:

7. First, log in to AH Connect.
8. Once logged in, click the Skyward icon.
9. After Skyward opens, you'll see a screen with different tiles. Click on the "Unsubmitted Timesheet Week" tile.

This will display all timesheet weeks that have not yet been submitted for approval. This screen will show you the total hours that will be submitted, as well as whether you manually edited your time or not. For situations where editing your time is required, you should ensure that your supervisor is aware of the situation and why editing was required.

Note: If there are any approved time off transactions or holiday pay coming up in the next couple of weeks, that Timesheet may display as an unsubmitted timesheet. However, timesheets should only be submitted after all hours have been worked for a week. Only one timesheet is allowed per week, so ensure you are done with all hours worked for the District before submitting time.

On the timesheet week, you are ready to submit and select the Review and Submit button.

→ Review & Submit	04/20/2025	04/26/2025	21:08	Unsubmitted	<input type="checkbox"/>	

You will then be brought to the Submit Timesheet Week screen. From here, you should ensure that all time is reflected accurately. You are able to see a summary at the top and the details for each date. If you notice any adjustments that are needed, you will want to select Cancel and then follow the Editing Time Tracking in Skyward instructions.

If all time looks good, you can select Submit Timesheet, and the time will then be routed to your supervisor(s) for their approval.

For Timesheets waiting for approval, you can select the arrow button on the left-hand side. You will then be brought to the Timesheet Week Details screen. You can select the Approval process on the left-hand side. This will then show you what date and time you submitted your timesheet, who has approved the timesheet, and who it is currently assigned to. Note that Cory McIntyre will show on every's timesheets as A-Available as a result of him being the beginning of the Organizational Chart for the District. For most assignments, Timesheet weeks will just have to be approved by 2 supervisors. If you have questions on who is required to approve your time, please reach out to your supervisor for clarification.

After selecting in, you will receive a pop-up box that states "Your Status is In" and then auto logs you out of the Time Clock.

The screenshot shows the Time Clock interface. At the top, it displays "Wednesday, May 21, 2025" and "8:48:38 AM". Below this, the status is "Status: Out". On the left, there is a user profile for "TEST RECORD zzzz" with an "Out" status icon. A large green "In" button is prominently displayed. On the right, there are tabs for "Today" and "Weekly", and a list of activities: "Work", "Break", and "Lunch". At the bottom, there are three buttons: "Exit" (with a close icon), "History" (with a list icon), and "Submit Time" (with a clock icon).

The District will be requiring that you clock in and out for your Lunch. Therefore, you will login via either of the two methods. You will then see **Status: In** at the top of the screen. You

will then select the Lunch button to clock out for your unpaid lunch. Once you select the lunch button, it will then auto clock you out again of the Time Clock.

Editing Time Tracking on Time Clock

IMPORTANT NOTE: Editing via Time Clock is not available on Time Clocks that are labeled CNP at the end of the Time Clock Screen.

After logging into the Time Clock, you will notice at the bottom of the screen there is a button that states History. You can select this button to review your time that has been reported.

This will show you the current week and also the previous week. It summarizes it per day by the amount of time reported as **In** and as **Lunch**. Therefore, to review what you will be paid, you should just review the top row for each date. If you need to review time before those weeks, you will need to use the arrow button in the top left corner to move historically back another week.

1. You can add time – an example of this is if you forgot to both clock in and out for lunch

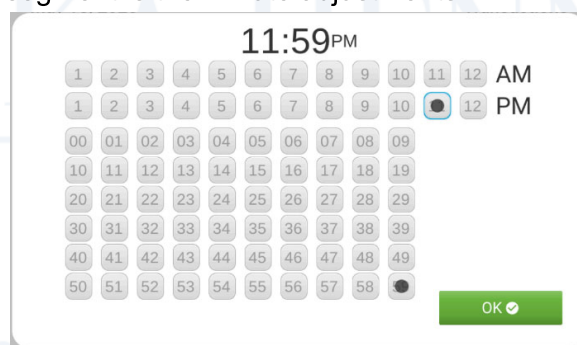

The 'Add Time Transaction' screen features a yellow warning icon in the top left. It contains two dropdown menus: 'Status' set to 'In' and 'Job' set to 'Time Tracking : Educ Office Prof'. Below these are two input fields for 'Start Time' and 'End Time', each with a corresponding 'Set Start' and 'Set End' button. At the bottom are 'Save' and 'Cancel' buttons.

2. You can select a line and edit a transaction – you can adjust the clock in or our time

The 'Edit Time Transaction' screen is similar to the 'Add' screen but includes pre-filled time values. The 'Status' is 'In' and the 'Job' is 'Time Tracking : Educ Office Prof'. The 'Start Time' is '11:57 AM' and the 'End Time' is '11:59 PM'. It also features 'Set Start', 'Set End', 'Save', and 'Cancel' buttons.

If you go to change your time, it will bring up the below screen – top is the hour that is being selected, ensure you select AM or PM as intended, and then the bottom segment is the minute adjustments.

The time selection keypad shows '11:59PM' at the top. It has two rows of buttons for hours (1-12) and AM/PM. Below these are two rows of buttons for minutes (00-59). An 'OK' button is at the bottom right.

3. Delete an entire entry for a day – both clock in and out

After everything has been edited, you will want to select save on the respective date. If edits need to be completed for multiple dates, you will need to select back and select a new date to make edits. You will want to ensure your supervisor is aware of why manual editing of your time was needed.

Submitting Timesheet Week on Time Clock

After clocking out for the final time for the work week (Sunday - Saturday), you will be required to submit your timesheet week for approval.

IMPORTANT NOTE: You must enter Time Off in Skyward for the week before submitting. If you submit your Time Tracking Timesheet the week prior to Time Off, you will not be paid for your Time Off transaction. If you have submitted a Time Off Transaction and it has not been approved, you will have to wait for your Time Off transaction to be approved prior to being able to submit your timesheet for the respective week.

If you are not clocked in, you will have the Submit Time in the Bottom Right corner.

This screenshot shows the Time Clock interface when the user is not clocked in. At the top, it displays the date "Wednesday, May 21, 2025" and the time "9:01:22 AM". The status is "Status: Out". Below this, there is a section for "TEST RECORD zzzz" with a clock icon and the word "Out". A large green button labeled "In" is prominently displayed. To the right, there is a table showing time tracking for "Today" and "Weekly":

	Today	Weekly
Work	0h 10m	0h 10m
Break		
Lunch	0h 1m	

At the bottom, there are three buttons: "Exit" (grey), "History" (blue), and "Submit Time" (green).

If you are clocked in, you have the option to do **Out Submit Time**, which would clock you out and then bring you to the submission screen. Otherwise, if you are looking to submit for a different week, you can also select **Submit Time** to submit for the prior week.

This screenshot shows the Time Clock interface when the user is clocked in. At the top, it displays the date "Wednesday, May 21, 2025" and the time "9:05:38 AM". The status is "Status: In". Below this, there is a section for "TEST RECORD zzzz" with a clock icon and the word "In 9:05 AM". A line of text reads "Time Tracking : Educ Office Prof". There are three green buttons: "Out", "Lunch", and "Out Submit Time". To the right, there is a table showing time tracking for "Today" and "Weekly":

	Today	Weekly
Work	0h 10m	0h 10m
Break		
Lunch	0h 1m	

At the bottom, there are three buttons: "Exit" (grey), "History" (blue), and "Submit Time" (green).

Once you have selected the Submit button, you will be brought to the Timesheets Submissions screen. This will list all unsubmitted timesheets. It defaults to select the latest date timesheet on the screen, which may be in the future. If you have either approved Time Off transactions or Holiday pay coming up in the coming weeks, it will automatically create a timesheet week for you, and then this will be the one defaulted.

For example, in the below screenshot, Monday, May 26th is a Holiday for the District; therefore, our Test Employee will receive 8 hours of Holiday pay. However, the employee will need to clock in and out Tuesday-Friday; therefore, you need to ensure that when you are submitting the proper week's time, you will need to review the dates being submitted as well as the amount of time that is being submitted for payment. After you have reviewed the week, you are ready to submit to ensure that the respective week is highlighted in blue, and then select the Submit button in the bottom right-hand corner.
