If you are enrolling in an MSHSL Athletic Activity, you will need a current physical on file with the high school activities office.

Athletic activities will not be available for enrollment until the school has processed your physical.

If you are not seeing the activities you are expecting, you can review your student's medical information in ParentVue:

- Click on "**Student Info**" tab and scroll to the bottom of the page.
- View "**Activity Screening**."
- The activity screening date needs to be within three years of the **END** of the athletics/activities season.

You can email your physical forms directly to the school:
