

**COURSE SYLLABUS**  
**MEDICAL ANATOMY I**  
**GRADE LEVEL: 11, 12**  
**TEACHER: Regan Skaare**

This course focuses on detailed study of normal body structure and functions, disease processes and current health issues and concerns. Since health care professionals teach the course, you will have the opportunity to discuss real work situations in anatomy and physiology as it applies to the health field. Upon successful completion of this course, students may be eligible to receive Tech Prep credit in Medical Anatomy at Anoka Technical College. You will have the opportunity to become a member of the vocational student organization HOSA, Health Occupations Students of America. More information will be available during the first weeks of the trimester.

**COLLEGE CREDIT**

Upon successful completion of this course and Medical Anatomy II, students may qualify to receive Tech Prep credit in anatomy and physiology at Anoka-Hennepin Technical College, Anoka-Ramsey Community College, St. Cloud Technical College, North Hennepin Community College, and others. If you are planning on attending these schools, college credit could be earned as well as high school credit.

To receive tech prep credit, a grade of 80% or above is required on the Final Exam in both this class and Medical Anatomy II. Additionally, an average of 80% or above is required on all Unit Tests in both classes. The Unit Tests and Final Exam were developed by the local technical colleges with which this course is articulated. You will need to register and complete Medical Anatomy II in order to receive Tech Prep credit.

### **MAKE – UP WORK**

All missed work due to an absence must be completed and turned in within one week of the original due date. It is the student's responsibility to inquire about missed assignments and to make an appointment with the instructor to take a test. All missed work must be done before or after school or during Paws, not during regular class time.

### **CLASS EXPECTATIONS**

1. Come to class with a positive attitude to learn!
2. Expect all school policies to be enforced.
3. No food or beverage in the classroom with the exception of water bottles or clear containers.
4. Parents will be notified and a referral will be sent if you are tardy to class.
5. Hall passes are very limited. Use the restroom between classes.
6. Supplies required:
  - a. 3-ring binder
  - b. Colored pencils
7. A textbook will be assigned to each student. Textbooks cannot leave the classroom.
8. Students not taking a test on the original date must make it up before or after school within one week. After school sessions begin at 2:30 or be re-scheduled.
9. A seating chart will be constructed according to student choice on day two of the semester. It will be changed as needed according to teacher discretion.
