Summer is a Dakota Language Major at the University of Minnesota and will be graduating with a Bachelor's degree in Dakota Language in Spring 2026. She is from the Pheʒutazizi Kápi (Upper Sioux Community) in Granite Falls, Minnesota and is very excited to start her Dakota language teaching journey at Anoka-Hennepin Schools.

Summer has been studying the Dakota language for 13 years! First studying underneath her grandma Sherry Jensvold at the Yellow Medicine Language Learning Nest, then she learned from Carrie Schommer during high school. Now, Summer has been learning from Caŋte Máza (Neil Mckay) at the University of Minnesota. After graduation Summer would like to teach the language full time, come be a part of that first step on her journey!
